Director General's Message. ACMA's active involvement in trade promotion, technology up-gradation, quality enhancement and collection and dissemination of information has made it a vital catalyst for the auto component industry's growth and development. For accuracy reasons, I provide individual databases for cars SOLD in 10 regions, regardless of country of manufacture. Do not waste time with CarQueryAPI, a database mixing cars sold in multiple regions, not accurate for any market and missing models even from US and EU markets. Over the last few years, Delphi has established a worldwide design and manufacturing footprint with a regional service model that enables it to efficiently and effectively serve its global customers from low cost countries.
