Ashford University offers online courses specific to the criminal justice field. If you are earning a Bachelor of Arts in Social and Criminal Justice or the graduate level Master of Science in Criminal Justice, these courses cover a range of topics and curricula. Objective. Research has shown that coparenting is a vital family mechanism in predicting mental health in children and adolescents. Considering the increasing prevalence of marital dissolution in Western societies, the objective of this systematic review was to summarize the key results of empirical studies that tested the association between mental health of children and coparenting after ... Highlights We examine effect of participation in an integrated FDTC on child welfare outcomes. Propensity score matching of FDTC participants with comparison group. FDTC participation increased odds of reunification and decreased re-entry into care. FDTC participation also significantly increased time to permanency.
